

## 144 Fiber Splice Panel

### Features:

- Splice 144 Fibers
- Front and rear access
- 19/23" rack mount

### FSP-1050

10.5"H x 17.0"W x 12.0"D

The FSP-1050 is a versatile 12 position Fiber Splice Panel designed for indoor rack mount splicing applications. Capable of splicing 144 or 288 fibers, the panel is suited for 19" or 23" rack installations. Each unit has twelve splice tray holder positions, capable of accepting 12 or 24 fiber splice trays (sold separately). Typical applications for the FSP-1050 include situations where outside plant or riser cables are spliced in an indoor rack mount setting requiring 144 or 288 fibers.
