

## 7 & 8.75 Inch Fusion Splice Trays

**7" 12-Fiber**

**8.75" 12-Fiber**

### Description:

FIBERONE® fiber optic splice trays secure, organize and store spliced fibers. Both the 7" and 8.75" trays hold up to 12 fibers. Each tray is 5" wide, insuring adequate bend radius at all wavelengths. All trays come equipped with cable ties that are used for securing buffer tubes to the tray.

### Features:

- Fusion Splice
- Easy Snap on Cover
- Anodized Aluminum Construction
