

The U-Series MPO cassette provides a unique space-saving solution for interconnecting fiber optic systems. The patented design includes an industry first front “U-Guard” for simplifying and protecting connector access while maintaining management and protection of network fibers.

Available with a variety of connector options, the U-Series MPO Cassette provides a simple, space saving solution for interconnecting ribbon fiber network applications. The Universal MPO Cassette works in conjunction with any U-Series chassis and provides the same telescoping features as the U-Series fiber cassette.

- MPO to LC or SC breakout
- 12 or 24 fiber
- Removable front U-Guard
- Telescoping feature
- Patented design

Specifications:

DIMENSIONS	H: .80 in. W: 7.88 in. D: 8.13 in.
CONSTRUCTION	Aluminum and Polycarbonate
WEIGHT	2 lbs.
FIBER CONNECTIVITY	12 or 24
CONNECTORS	MPO/MTP to LC or SC
FIBER TYPE	OS2, OM1, OM2, OM3, OM4
INSERTION LOSS (db)	.75 dB (Max.)

Who We Are:

FIBERONE® builds products that are solid and flexible, supporting a wide range of configurations, densities, and connector options. We engineer them with excellence and manufacture them to perfection, right here in the U.S.A.

Since 2000, we've focused on serving you, the customer. Dedication to service is why we continue to grow in a very competitive market and have become a leading supplier of network solutions for operators throughout the country from our headquarters in East Syracuse, New York.
