

FST-175X : 18 Port Rack Mount Splice & Patch Panel

Description:

The FST-175X accommodates a variety of applications that require splicing and terminating up to 18 fibers. This unit offers easy front and rear access with its sliding tray and removable cover.

Capable of housing three splice trays and three six-pack adapter panels or modules, this unit is ideal for situations where outside plant cables are terminated onto the back of a connector panel or where pigtail assemblies are spliced onto the incoming cable. These panels are versatile and customizable with the option of being delivered pre-assembled with adapters, splice trays, pigtails, cassettes and pre-terminated cables.

Features:

- 1U High
- Reversible 19" or 23" Rack Mount
- Splice & Terminate up to 18 Fibers
- Available in Beige or Black
- Easy Front & Rear Access
- Sliding Tray & Removable Cover
