

## FST-700 : 48 Port Rack Mount Splice & Patch Panel

### Description:

The FST-700 provides a flexible and durable solution for rack mount fiber terminations. Capable of splicing and terminating 48 – 96 fibers in a reversible 19” or 23” rack. Available splice trays are easily assembled and accessed from the front of the panel. Fiber routing clips are included for optimal fiber management and interconnect. Each unit accepts up to eight, six-position plug in adapter panels and four 12-fiber splice trays. Typical applications for the FST-700 include situations where outside plant or riser cables are spliced or terminated on the back of the connect.

### Features:

- 4U High
- Reversible 19” or 23” Rack Mount
- Splice & Terminate up to 48 Fibers
- Available in Beige or Black
