

FTM-1050 : 144 Port Rack Mount Termination Panel

Description:

The FTM-1050 is a versatile 12-position fiber distribution panel designed for applications requiring a terminated cable on the backside of the adapter panels. Capable of terminating 144 fibers in a 19" or 23" rack applications with accessed from the front of the panel. Fiber routing clips are included for optimal fiber management and interconnect. Each unit accepts up to twenty-four, six position plug in adapter plates. Typical applications for the FTM-1050 include situations where splicing is not required in the FDP. Outside plant or riser cables are terminated on the back of adapter plates. FIBERONE can provide the unit with a customer specified pre-connectorized "stub" cable.

Features:

- 6U High
- Reversible 19" or 23" Rack Mount
- Terminate up to 144 Fibers
- Available in Beige or Black
- "Stub" Cable Option
- Easy Front & Rear Access

Specifications:

Part Number	#153080
Dimensions	H: 10.5 in. W: 17 in. D: 12 in.
Construction	16 Gauge CRS Steel w/ Powder Coat Finish & Lexan Front Cover
Mounting Options	Reversible 19" or 23" Rack Mount
Fiber Count	One Hundred & Forty-Four (144) Fibers
Adapter Positions / Options	Twenty-Four (24) / SC, ST, LC, FC or Blank
