

U-SERIES®

UCS-1000 WALL MOUNT FIBER CONNECTIVITY SYSTEM

Durable
Aluminum Chassis

Specifications:

| | |
|-----------------------------|-------------------------------------|
| Part Number | 156051 |
| Dimensions | H: 8.68 in. W: 11.0 in. D: 2.75 in. |
| Material | 15 AWG Aluminum |
| U-Series Cassette Positions | One |
| Connector options | SC, LC |
| Color | Black |
| Options | Key Lock |

The UCS-1000 Wall Mount Fiber Connectivity System provides an economical and compact package for low density fiber applications. The durable aluminum chassis and small profile is compatible with a U-Series Fiber Cassette for interconnecting network fibers to wall mount applications such as customer premise or other interior environment systems. Top and bottom cable entry ports provide easy entry for various network applications. Typical use of the panel includes situations where outside plant or riser cables are terminated and interconnected with customer premise network applications.

> WHO WE ARE

FIBERONE® builds products that are solid and flexible, supporting a wide range of configurations, densities, and connector options. We engineer them with excellence and manufacture them to perfection, right here in the U.S.A.

Since 2000, we've focused on serving you, the customer. Dedication to service is why we continue to grow in a very competitive market and have become a leading supplier of network solutions for operators throughout the country from our headquarters in East Syracuse, New York.
